3. CREATING AND SUBMITTING A USER FORM

a. **Must be Logged in to create and submit a form**

b. **The Menu**

i. The main menu displays after login. Menu options can be accessed by using either the drop down menu or the menu displayed on the main screen.

c. **Create a Form**

- i. Click on **New Form** from the menu. Some information will be pre-populated such as the form Originator, Contractor, 24hr Phone, etc.
- ii. Enter the following required information:
 1. Select the project type
 2. If prompted, select a project number or enter a project title.
 3. Click on the map button and pick a location
 - a. *Note; only one location can be selected. If multiple locations required, manually type them in the **Work Description** text box.*
 4. Indicate if the work is Emergency
 5. Work Types are based on the Location of the work. Select work type(s)
 6. Digger Case no, Dig book, FAA, ASIG – these are required if Underground Work was selected.
 7. Pre-Construction/Pre-Activity Meeting – Must be held or scheduled for all Construction Projects before work begins

8. Permits - Must be obtained by the Contractor/Tenant before submitting the Form
 9. If work is not being done by CDA personnel, identify the person who will escort.
 10. Indicate the project time frame
 11. Enter a clear description of the work scope. Provide exact location.
 12. Select the affected user(s).
 13. Attach the required documents.
- iii. To submit the form for review, click on **Submit**. To save the form without submitting it, click on **Save**.
1. If you decide to **Save**. You can re-access the saved document by clicking on **Edit Draft Form**. Here you can update information and either re-save or submit.

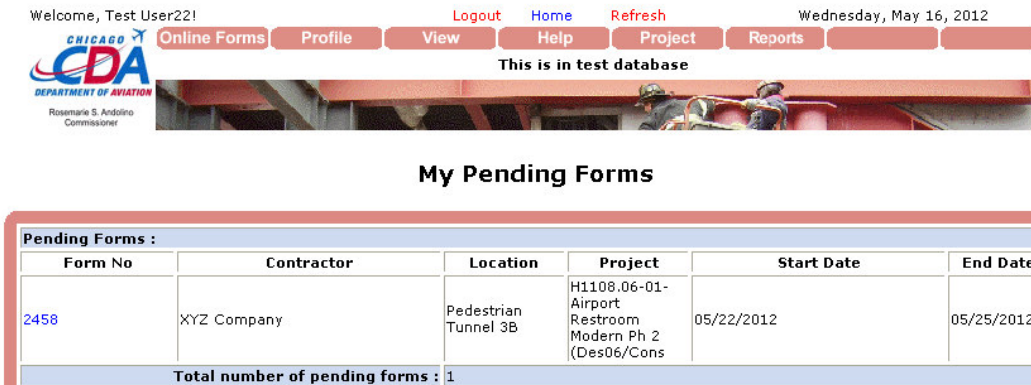

d. Other Important Information

- i. If Hot Work Permit is selected, the Hot Work Permit must be attached.
- ii. If Road Closure or Passenger Flow is selected, the Traffic flow plan must be attached.
- iii. If Electrical is selected, the Electrical Permit must be attached.
- iv. If applicable, attach a copy of the approved FAA 7460 form and a site map indicating equipment height and location (required for the use of construction cranes, soil boring rigs, the erection of a new structure, or other situation that may pose a hazard to air navigation)These forms can be attached using the project attachment screen.
- v. Affected users will be notified via automatic email. Contractors and Construction Managers will be notified via email when the form is complete.
- vi. Appropriate persons for all types of shutdown will be notified via automatic email.
- vii. At project completion the startup form must be updated with dates of completion. If CDA project, punch list walkthrough date and redline drawings due dates must be updated.
- viii. **The final reviewed Notice to Airport Users Form must be printed and posted at the job site before work is started.**

4. REVIEWING A USER FORM

a. Review a Form

- i. Select **My Pending Forms** from the dropdown menu or the menu on the main screen. This will bring up forms pending your review.
- ii. Click on the form number of the form your wish to review.

You have access to the following screens:

Online Forms Menu

- [New Form](#)
- [Edit Draft Form](#)
- [Review Form](#)
- [Project Extension](#)
- [Project Close-out](#)
- [View All Forms](#)
- [Form Return Request](#)

- ii. Enter the form number or other key information like contractor or location in the search box and click Find.
- iii. To see the search results, click on the dropdown list.
- iv. Click on a form to select it.
 1. *Note: The forms highlighted in green are project startup forms noting scope and schedule of work for projects with CDA project number.*

b. For CDA Projects

- i. Select the start-up Form (highlighted in green)
- ii. Enter the following:
 1. Substantial completion date
 2. Punch list walkthrough date
 3. Red Line drawing due date or attach the Red Line drawing
 4. New Electrical Meter #
 5. Water Meter #
 6. Attach Close-out document

- a. *Note: If the Red Line Drawing is not attached, it must be attached by the due date entered.*

b. *Note: The Save button will save the dates for CDA projects, the Close-out button will close the form.*

c. For Tenant/Maintenance Projects

- i. Select the form
- ii. Enter the close-out date
- iii. Attach Close-Out document
- iv. Click Close-out to close the form.

6. ADDING ATTACHEMENTS AND COMMENTS

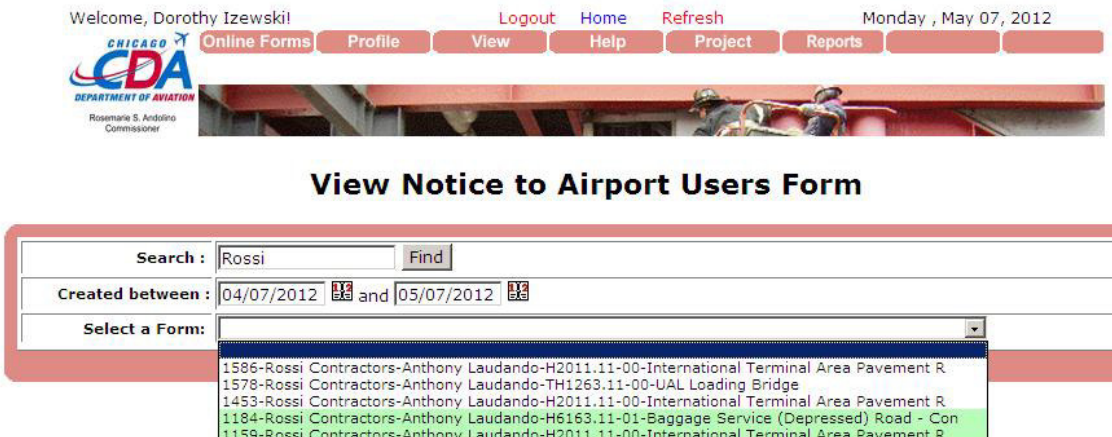

a. Adding attachments and comments to forms that are submitted and are in the review process

- i. Only available during the review process when an EForm’s status is ‘Submitted’ or ‘Review in Progress’. So contractors/originators can provide additional attachments or comments to an existing form. EForms with a review of ‘On Hold for Clarification’ can be amended in this way to provide clarification for reviewing parties. This will allow the review process to continue without full rejection and resubmittal.
- ii. To add comments or attachments, go to ‘**View All Forms**’ and open the EForm you submitted
- iii. Click on **Add Attachments and Comments** button
- iv. Type additional comments and attach documents at bottom of page.
- v. Click **Submit**

7. VIEW AND PRINT GUIDE

a. View a Form

- i. Select **View All Forms** from drop down menu or the menu that displays on the main screen
- ii. Enter the form number or other key information (like contractor or location) in the search box and click **Find**.
 - 1. *Note: Adjust the date range as necessary to find forms.*
- iii. To see the search results, click on the dropdown list.
